

MEETING NOTICE

WHEN: 8:00 A.M. Tuesday February 17, 2009

WHERE: Intermezzo, 6 School Street

HOSTED BY: The Peterborough Economic Development Authority (EDA) and the Greater Downtown Tax Increment Finance (GDTIF) Advisory Board

The EDA and the Downtown TIF Advisory Board are sponsoring a meeting for the purpose of providing information on the upcoming NH Department of Transportation Project for the reconstruction of the Main Street Bridge and retaining wall. This is the second of what will be many public meetings as we discuss, review, and plan for the improvements to our bridge

and the retaining wall on Route 202 from the bridge to Granite Street. The engineers for the project will be present to answer questions and describe the process and the anticipated time frames.

A light breakfast will be available, so please RSVP to Laura at 924-8000 x 104 by February 13, 2009 so that the Intermezzo can properly plan.
