

The New Villages Project meeting
August 31, 2016

In attendance: Brook Charron, Sue Chollet, Bob Holt, John Morison, Jack Belletete, Jaime Conley. Carol Ogilvie, technical consultant; Sharon Cowen, NH extension; and Ivy Vann, planning board liaison were also present.

The committee went over plans for the dinner to be held Wednesday September 14. It was agreed that guests would have some 'milling time' to do the wall exercises (visual preference survey, poster on neighborhood attributes, and survey on neighborhood streets) before dinner. Sue would open the evening with an explanation of the project. Dinner would be served and then Carol would give her presentation, then the tables would have some time to discuss what they'd heard with a brief report out at the end of the evening.

The all town meeting was set for October 6, location to be determined.

The next meeting of the committee will be September 22 at 7:30 a.m.

Ivy, Carol, Sue, and Sharon held a brief meeting after the committee meeting to discuss the grant follow-up.
