

**Peterborough Open Space Committee Minutes
Joint meeting with Conservation and Planning Board
regarding Planning Board's proposed Traditional Neighborhood Overlay Zone
December 12, 2016 meeting
Peterborough Town House 7p.m.**

Open Space Committee members joined a discussion of the proposed zoning that intended to increase residential density (infill) where residential areas are served by town water and sewer. Questions were asked and concerns expressed regarding potential impacts on open space.

Modifications were made to the ordinance that addressed and allayed several of the concerns.

Conservation Commission minutes for the meeting give thorough coverage to the meeting and are available online.
