

Peterborough Town Library Board of Trustees

Meeting Minutes November 7, 2014

Approved November 20, 2014

Present: M. Patten, R. Brown, D. Weir, R.C.Bowman, F. Karlicek, C. Chronopoulos

Meeting was called by The1833 Society to meet with and discuss details required for the preparation of a “Schematic Design” for the renovation or replacement of the PTL. Individuals from Centerline Architects were present along with member representatives from The 1833.

Discussion included the recommendations made through the various forums over the past few years. In closing it was suggested that, as Trustees, our expectations are that we meet, where ever possible and practical, the expectations of the community. Using due diligence not to duplicate other efforts and to provide a facility that will meet current needs while also being flexible in design to best allow for ever-changing future demands.

Meeting adjourned at 1200 hrs

Respectfully submitted, Ron Bowman
