
MASTER PLAN STEERING COMMITTEE 2018 REPORT

Cathy Lanigan and Sarah Steinberg Heller have served this past year as co-chairs. The committee was pleased to welcome new member Valerie Jenkins. She has extensive knowledge and experience in how towns work and comes to Peterborough from Groton, Massachusetts.

The Committee has continued its work initiating a Housing Chapter update. This project will be building on previous public engagement data collected by the Planning Board and the Office of Community Development. Work on this chapter is ongoing, including the formation of a Master Plan Steering Committee subcommittee on Housing. This work will be supported by the Economic Development Authority's committee on Housing.

Over the past year the MPSC has also conducted a project to create attractive and informative summaries of each chapter of the Master Plan. The committee divided up the chapters and tackled each one up close. These summaries will serve as a faster way for those wanting to check in with the Master Plan and see what it is all about.

The Master Plan Steering Committee meets on the second Monday of the month at 4:30pm in the Select Board Meeting Room.

Cathy Lanigan and Sarah Steinberg Heller
Co-chairs, Master Plan Steering Committee

Members: James Kelly, Valerie Jenkins, Ivy Vann, Beth Alpaugh-Cote, Becky Sakellariou, Karen Hatcher
