A note from the Director...

April 9, 2019

Dear PRD Family,

I was looking back at my letter to you in last summer's brochure and saw that I had recalled how it was one of the worst springs, weather-wise, in recent memory...and it's snowing out as I type this letter this year...on April 9th...sigh...but that's okay because we're already thinking warm thoughts...

Speaking of warm thoughts, our 2019 Cunningham Pond beach stickers have already arrived and are being distributed to residents and sold to non-residents! Don't wait or you'll miss out on all the summer fun at the pond! You'll notice a new look at the pond this year. Last fall we undertook a long-awaited erosion control project and added a retaining wall with a French drain behind it in order to prevent all the run-off from the heavy rainstorms sending our beach sand into the pond. We still have some more work this spring to finish-up, but we hope this will help keep the sand on the beach, where it belongs!

Other projects we hope to complete this year include: Rebuilding the dugout on Picard field that was destroyed in the last wind storm, building new dugouts on Ecco field (budget permitting), adding a Human Foosball game (leftover from last year's list), constructing a pump track, doing more repair work to the tennis courts, sandblasting and repainting Adams Pool (fall), adding brand new water fountains in the playground and by the tennis courts, and deep-tine aeration of the fields. Additionally, we're hoping to be able to add air conditioning, better lighting and dehumidification to the Community Center so we can sand, repaint, and refinish the floor in there - giving us the ability to offer basketball games in the building, which will be a huge addition! Some of those projects in addition to our regular operations will give our maintenance crew plenty to do. Speaking of which, we will be looking to gain some efficiencies this year by having our Recreation Maintenance Crew work together with the Public Works Grounds Crew. That means you may see Tim Rose, Mike Ambrosini, Gunnar Buzzell and Jimmy Stewart working at Adams Playground with Ray Eaton, Riana Bosk, Cam Buffum, Max Richard, and Liam Smith. On the flip side, you may see our crew down at Putnam Park or on the Common Pathway. Please let them know if there is something on the grounds that needs our attention and please thank them for all their hard work, it means a lot to them to know their efforts are appreciated.

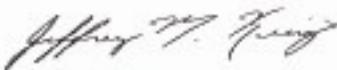

We're proud of our employees generally, but this year has been something special. Throughout the year, we've time and time again noticed our employees doing great things in the community. Ben Garfinkle was nominated and played in New Hampshire Legends of Hockey Senior All-Star Games. Rachel Hurley was part of the school-record breaking relay team. Ben Henry, Mather Kipka and Max Richard were all part of the best ConVal boys basketball team in 20 years. Alyssa Janoch is finishing-up her term as ConVal Interact Club President. Kiera Bell received the New Hampshire Teachers of Mathematics college mathematics scholarship. Congratulations to them and to all of our seasonal employees who seem to have all made the paper for positive things throughout the year!

It's been about eight years since we last conducted a survey about our programs, facilities and services. Your opinions are always welcome, of course, but we thought it was about time we asked again formally. Thanks to Recreation Committee member, Kate Coon, we've undertaken a strategic planning process and we want to gather your thoughts and opinions not only about what we currently have and offer, but also about how you'd like our future to look.

Here's the link to our survey: <https://www.surveymonkey.com/r/PRD-2019> or scan the QR code below.

It only takes a few minutes to complete and we'd really like to hear from you so please take the time to help us better serve you. Your feedback is invaluable as we make decisions on programming, facilities, and budgeting priorities. The survey is open through May 17th. Thank you, in advance, for your participation!

See you on the Playground,

Jeffrey M. King
Recreation Director

Summer Playground Program

Summer Playground Program

Leaders: *Abigail Cail and Roni Parker*

Want your child to enjoy the summer outside? Come and romp with other friends in the playground program here at the PRD!! The Playground Program offers girls and boys (entering 1st through 6th grade in the fall) a wide variety of enjoyable and challenging summer opportunities, and includes optional weekly field trips.

Between the pond, pool and the splash pad, there are plenty of opportunities to keep the kids cool during the hot summer months. The program runs for 8 weeks, Monday through Friday, 8:30am to 4:30pm. This program starts on 6/24 and ends on 8/16 (half day). One may register for the whole program or individual weeks. To register, go to www.peterboroughrec.com.

Throughout the summer, the PRD has other programs going on, ie: group tennis lessons, a soccer clinic by GPS as well as swimming lessons. There may be more offerings as we get closer to the start of summer. If you register your child for any of these programs that occur here on the property, we will make sure your child gets to and from the programs safely. These programs are offered at an additional cost.

All registrants will be receiving a parent handbook in early June which will include general information as well as field trip guidelines and release forms. We will also have a **playground program open house** before the program begins - save the following date:

**Tuesday, June 18
6 to 7pm**

New for 2019: If your incoming 6th grader (for the fall of 2019) wants more of a challenge, we are opening up the second session of Summer Teen Challenge to them! If you want a supervised program all summer, you can register for the first 4 individual weeks of the Playground Program and then register for the second session of STC. Space is limited in the STC program, so if you think your child might be interested in this option, we suggest you register sooner than later.

Is this GREAT NEWS or WHAT!?!?

Summer Teen Challenge

Summer Teen Challenge

Organized by: Jordan Mills, Maddy Perry and David Weber

Spread the word! Talk it up amongst your child(ren) and their friends! Past participants have said that this program is a blast!!

The Summer Teen Challenge's (STC) philosophy is to challenge kids to think and act on issues that they will be confronted with as teenagers. Program activities help build self-esteem and encourage kids to work as a team. The group goes camping overnight a couple of times and wraps up the four week program with a big trip!

The program was developed to enhance communication skills and positive interactions among peers. Through activities and field trips, kids learn the value in trusting others while encouraging reliability, responsibility and resourcefulness. Part of this program is also dedicated to trying to guide the teens away from anti-social and risky behavior by building self-confidence and the ability to stand up for themselves in questionable situations.

New for 2019:

We listened and are going to try a new "mix" and see how it works out. We are opening Session 1 of STC to incoming 10th graders and opening Session 2 to incoming 6th graders. There were several 9th graders last year who wanted to do it again and several 6th graders who wanted more of a challenge...so here we go!! Space is limited so register now if your child(ren) are interested in attending!

Each session is comprised of four weeks. Each week includes a "community service day," an "adventure day," a "good choices day," and some "fun" days.

Register for this program now - as space is limited. The fee for STC includes a season's pool pass for your child.

In previous years, we have asked that participants attend all 4 weeks. This is not going to be the case this year (even though it is highly recommended). It is mandatory that in order for your child to attend the fun or adventurous parts of the program, they must fulfill that week's community service and good choices aspects of the program.

The STC will have an Open House for participants/parents to meet the staff, review the program as well as take care of some paperwork on Tuesday, June 18, 6 to 7pm at the PCC.

Partial scholarships are available for Peterborough residents. Application deadline is May 17, 2019. Stop by the PRD office at 64 Union St to pick up an application.

Cub Scout Pack 8

Cubmaster: Tim Theberge, Eagle Scout
timtheberge@gmail.com
 Cell: 978-869-8356
 Find us on Facebook at: [Cub Scout Pack 8](#) - Peterborough, NH

Since 1930, Cub Scouting has offered fun with a purpose to millions of American children. Thanks to our many volunteers, these Scouts develop values, learn skills, make friends, strengthen family relationships - and have a great time in the process!

Here in Peterborough, Pack 8 was first chartered in March 1941 and we're happy the tradition continues today.

By now, you've heard the announcement by the Boy Scouts of America that girls are allowed to join Cub Scout Packs. Pack 8 was one of the first Packs in the state to allow girls as Cubs. We have several girls currently registered with the Pack. This past year we also had our first group of Lions - Kindergarten aged children (with their adult partners). What great opportunities for more kids to participate in Cub Scouting! The Pack will participate in the Chuckwagon Derby, the Fishing Derby, and the Memorial Day parade in May, campout at Cunningham Pond in June, and will attend the Mt Monadnock District's Cub Scout Day Camp this summer!

Throughout the year the Pack does lots of fun activities like the famous Pinewood Derby in February and our annual Cub Campfire in October! No one is turned away due to an inability to pay. If finances are an issue, please speak with Recreation Director, Jeff King.

HOW TO WATCH A GOOD PROGRAM DIE

Nothing kills a recreation program faster than participants who wait until the last minute to register. There is a point when a program must be cancelled or modified if there is insufficient registration. All programs require a high level of coordination often including facility scheduling, staffing, volunteer recruitment and purchasing of supplies.
